

## GUIDELINES FOR FELLOWSHIP APPLICANTS

### 2<sup>nd</sup> CALL FOR APPLICATIONS 2025

#### EaP Civil Society Fellowships

*Supporting Civil Society Leadership in the Eastern Partnership Countries*

NOTICE This is an open call for fellowship applications. Applications for 2025 Civil Society Fellowship programme are accepted via the online application system:

<https://eapcivilsociety.eu/fellowship2025-2>

Submission of Application Concept Forms can be made **at any time** in electronic format before the **closing deadline of 31<sup>st</sup> May 2025**. **Application Concept Forms will be assessed on a rolling basis**; therefore, applicants are encouraged to make submissions as soon as possible before the closing deadline.

Please check the eligibility criteria before applying. When submitting an application, applicants must follow all instructions contained in the guidelines and ensure submission of a complete application. Should you have any questions regarding your application, please contact [fellowships@eapcivilsociety.eu](mailto:fellowships@eapcivilsociety.eu).

PLEASE NOTE THAT FELLOWSHIPS ARE AWARDED TO INDIVIDUALS. THIS IS NOT A GRANT SCHEME FOR ORGANISATIONS.

## 1. Background

The European Union is committed to supporting civil society in Eastern Partnership (EaP) countries (Armenia, Azerbaijan, Belarus, Georgia, Moldova and Ukraine) and as such channels part of its support through the Eastern Partnership Civil Society Facility. In coordination with a range of projects and programmes, the Eastern Partnership Civil Society Facility project sets out to strengthen the role and increase the capacity of civil society organisations (CSOs) and activists in the Eastern Partnership to engage in the policy making processes and policy dialogue, promote reforms and public accountability, foster local democracy, local development and engage citizens in public debate. The Eastern Partnership Civil Society Facility was established in 2011, and the current phase of the project is for the period 2021 to 2028.

The [Eastern Partnership Civil Society Facility](#) has administered the Eastern Partnership Civil Society Fellowship programme since 2017, with 20 young civil society activists/leaders selected in each of its first four years, and an additional 120 Fellows selected for 2021, 2022, 2023 and 2024. To-date the Fellowship alumni network has a total of 200 Fellows from across the six countries of the EaP. Details about the Fellows and their areas of interest can be found at <https://fellows.eapcivilsociety.eu>. The activities of these previous Fellowships should be reviewed by potential applicants to new Fellowships in order to get ideas about what is possible and to avoid any duplication.

The Eastern Partnership Civil Society Fellowship programme is now launching its first Call for the 2025 cohort of Fellows, based on the priorities and objectives outlined in these guidelines. In line with the annual thematic focus for the EaP Civil Society Facility, each year the Fellowship programme will give preference to Fellowship proposals which fit the annual theme. For the cohort of Fellows under this second Call for 2025 the thematic focus is on '**Countering Misinformation and Disinformation**'.

## 2. Objectives and Priorities of the Civil Society Fellowship programme

The main objective of the Eastern Partnership Civil Society Fellowships is to support civil society activists or civically minded women and men who demonstrate a deep commitment to leading positive social change in their communities (including IT experts such as software engineers, data scientists, designers who innovate at the intersection of technology and the needs of their communities). The Fellowships will build the Fellows' capacity to constructively engage with communities and authorities and contribute to reforms in the EaP countries. The Fellowships should be linked to the priority themes of the EaP<sup>1</sup> and areas of particular challenging nature in the region:

- Having a resilient, sustainable and integrated economy
- Strengthening accountability, rule of law, and security
- Ensuring environmental and climate resilience
- Contributing to resilient and inclusive digitalization
- Promoting participatory decision-making and social justice

There are **two different types of Fellowship** which make up the programme in this phase. These two types are explained below.

---

<sup>1</sup> Applicants can learn more about the post-2020 priorities for the Eastern Partnership at: [https://ec.europa.eu/neighbourhood-enlargement/system/files/2021-09/eap\\_future\\_priorities\\_eng.pdf](https://ec.europa.eu/neighbourhood-enlargement/system/files/2021-09/eap_future_priorities_eng.pdf)

## 2.1 Community Engagement Fellowships

Community Engagement Fellowships are designed to support Fellows engaging in one or more of the following activities:

- **Collecting local evidence:** supporting fellows to collect and analyse evidence on key issues of public service delivery at local and national level.
- **Involvement in policymaking:** allowing fellows to gain expertise on specific policy issues, draft policy paper/recommendations and organise advocacy campaigns; helping fellows get access to government channels in order to better get their ideas across.
- **Capacity development:** supporting mentoring and job shadowing schemes and involving fellows in training of trainers in order to train other members of their organisations, as well as members of other CSOs from relevant networks. This may also include, although not exclusively, job shadowing or study visits with CSOs in EU Member States
- **Involvement in monitoring public administration** activity and results: supporting fellows in developing a multitude of monitoring activities, including on technical issues such as public financial management, budget transparency and oversight.
- **Improvement of CSO accountability and link to constituencies:** supporting fellows in improving the transparency and accountability mechanisms of their organisations and in better linking activities to citizens' needs.
- **Cooperation between CSOs:** allowing fellows to organise activities bringing various CSOs together on issues of common interest.

## 2.2 Civic Digital Fellowships

The Civic Digital Fellowships will facilitate Fellows to use their expertise to contribute to, develop or further promote and raise awareness about **technological solutions for community needs**. These Fellowships are designed to support Fellows engaging in one or more of the following activities:

- **Advocacy campaigns** on issues such as open data, data quality, e-services for citizens, and budgetary transparency.
- **Improving the quality of data** (such as making existing public data machine-readable or generating and publishing open and reusable data needed for further development of digital solutions for transparency and accountability in the region).
- **Developing new digital solutions** addressing community needs, helping citizens better hold governments to account, contributing to the improvement of public services, and/or improving CSO accountability.
- **Promoting / rolling out and expanding the existing** civic tech solutions that address community needs, help citizens better hold governments to account, contribute to the improvement of public services and/or CSO accountability, and building the relevant skills of the potential users.

Examples of Fellowship activities in line with the above topics can be found on the Fellows' profile pages: <https://fellows.eapcivilsociety.eu>.

### 2.3 Fellowships and the EaP Civil Society Project Themes

All applications to the Fellowships programme which match the eligibility requirements in section 4 below and which are in line with the objectives described above will be considered by the Selection Committee. In addition, those applications, either Community Engagement or Civic Digital, which specifically contribute to the focal theme of this Call, will be able to achieve additional evaluation scoring points as described in section 6 below.

For this **2<sup>nd</sup> Call for 2025 cohort of Fellows the focal theme is Countering Misinformation and Disinformation**. The theme is very wide. On an indicative basis proposed fellowship projects meeting this theme may include actions which:

- Assist CSOs and activists to develop strategies and build capacities for identifying and protecting against the threats of misinformation and disinformation;
- Build societal resilience through media literacy and awareness-raising;
- Support the building or extension of networks, coalitions, partnerships across different stakeholder groups for the countering of misinformation and disinformation;
- Promote a focus on the promotion and protection of human rights and fundamental freedoms in measures to counter misinformation and disinformation;
- Provide support to vulnerable targets to more effectively protect themselves from misinformation and disinformation;
- Offer platform design solutions which assist users to counter misinformation;
- Design and deliver campaigns in support of the countering of misinformation and disinformation;
- Contribute to the monitoring of the effectiveness of countering measures.

Please note that the list above is only indicative and not exhaustive.

### 3. Technical & Financial Support for Fellows

Fellows will be able to obtain an average of 5,000 euros in financial support for their Fellowship. Please note that the funds are provided in euros and not any other currency. The eligibility of costs which can be covered by the financial support are described below, but in general the financial support can be used in the Fellow's own country or any other country covered by the Eastern Partnership or in the Member States of the EU. In addition, the Eastern Partnership Civil Society Facility project team will support Fellows to benefit from suitable e-learning activities and organisational/operational capacity development trainings/webinars, as well as opportunities to participate in international events. Furthermore, the project will continue to support the networking of the alumni (including previous generations of Fellows), through the organisation of alumni events and development of alumni actions and collaborations.

### 4. Eligibility

There are three specific sets of eligibility criteria:

- Eligibility of applicants to be Fellows
- Eligibility of actions under the Fellowships
- Eligibility of the costs of actions under the Fellowships

Each of these eligibility areas are explained in detail below. Applicants should review these carefully before making an application.

#### 4.1 Eligible Applicants

In order to be eligible for a fellowship the applicant must:

1. be a natural person and not a legal entity;
2. be a national of one of the Eastern Partnership countries (Armenia, Azerbaijan, Belarus, Georgia, Moldova and Ukraine);
3. be above 18 years old;
4. not previously have benefited from the Eastern Partnership Civil Society Fellowship programme;
5. have a proven track record of:
  - a. for community engagement fellowships, working (including by volunteering) either in a civil society organisation, including Trade Unions, cooperatives, or professional associations, or with a civic engagement group or initiative group and/or taking a leading role in his/her community by advancing issues related to public service delivery and accountability, and developing local capacities;
  - b. for civic digital fellowships, professionally contributing to the development of IT solutions and/or voluntarily developing innovative digital products;
6. have a good working level of English, as well as have appropriate language skills for the chosen location of the proposed action;
7. assume responsibility for the action proposed and show commitment to the action proposed.

PLEASE NOTE THAT THE FELLOWSHIPS ARE FOR INDIVIDUALS AND NOT FOR ORGANISATIONS. However, if a Fellow requires the support of an organisation to secure their safety or to administer funds for them this will be considered by the Evaluation Committee.

Proof of citizenship and age can be provided by a passport copy.

As proof of eligibility, an applicant to the Community Engagement Fellowships should provide a recommendation letter from a relevant CSO/Trade Union/ Cooperative /Professional Association or community organisation. Applicants to the Civic Digital Fellowships may provide a recommendation letter from a recognised IT professional (such as an employer, academic, tutor, colleague on a tech-related project) instead of a recommendation letter from a civil society actor.

As proof of a good working level of English, applicants must have a B1 level of English, as defined according to the [Common European Framework of Reference for Languages](#). Level B1 means you have the following abilities:

- You can understand the main points of clear standard input on familiar matters regularly encountered in work, school, leisure, etc.
- You can deal with most situations likely to arise while travelling in an area where the language is spoken.
- You can produce simple connected text on topics that are familiar or of personal interest.
- You can describe experiences and events, dreams, hopes and ambitions and briefly give reasons and explanations for opinions and plans.

Proof of the level of English may include one or more of the following: certification from an internationally recognized English language testing organisation (e.g., IELTS, TOEFL, Pearson, Trinity

College); proof that you have studied at degree level using English as the language of tuition; personal recommendation letter, with reference contact details, from an employer, university, or international organisation.

#### 4.2 Eligible Project Activities

In the Full Application Form (the second stage of application after the Concept Note), applicants are required to provide details on the project which they intend to implement in order to achieve their stated outcome (results) of the Fellowship. A successful Fellowship project addresses problems in the lives of the applicants' communities, regions and countries by promoting reforms, improving public services and increasing public accountability and/or monitoring of the performance of governmental institutions.

The outcome and implementation of the proposed Fellowship project should also have a positive influence on the development of the applicant's leadership skills.

The proposed project should be implemented within a maximum of a 6-month period, and ideally shorter time, and include **realistic and ideally sustainable outputs** that will contribute to the expected Fellowship outcome. At the Concept Note stage, there is no requirement to describe all details of proposed activities, but such details will be required in the Full Application. Thus, applicants should be aware of the types of activities eligible for support.

The Fellowship programme will provide support in broad areas of project activities, such as those listed above in 2.3 corresponding to this 'Call's specific theme, and also including:

- Evidence-based research or monitoring of how public services are delivered at national / local/ community level;
- Using evidence to draft policy papers and recommendations for decision-makers;
- Advocacy campaigns on issues of public concern;
- Better tailoring civil society organisations' activities to citizens' needs;
- Developing new solutions on issues such as e-transparency and e-participation, and expanding or upgrading existing technological solutions for community needs;
- Developing technological products to contribute to a community's mitigation of climate change or addressing other needs, such as those of IDPs and refugees in a community;
- Promoting constructive dialogue and bringing civil society and authorities together to develop common solutions, and to improve access to government channels by civil society;
- Strengthening organisations' capacity to act effectively, including training of trainers in order to train other members of their organization, as well as members of other CSOs;
- Supporting mentoring and job shadowing schemes in order to build capacities that can be transferred to other members of the organisation;
- Activities that build cooperation between CSOs and activists in any part of the Eastern Partnership with similar CSOs and activists in the EU Member States;
- Raising awareness and building relevant skills of end-users of civic tech solutions and generating re-usable open data;
- Cooperation between civil society organisations, including trade unions and professional associations, and business on issues of common interest.

Also, preference will be given to applicants whose proposed actions contribute to the focal theme and do not overlap with the activities of previous fellowship projects. All applicants are advised to check previous projects on the project website: <https://fellows.eapcivilsociety.eu>.

The following types of action are **ineligible**:

- actions concerned solely or mainly with construction, procurement of works or supplies;
- actions supporting political parties or candidates;
- actions supporting the army or other military bodies;
- actions including proselytism (i.e., attempt of any religion or religious individuals to convert people to their beliefs);
- activities that are normally carried out by the applicant and/or affiliated entities as part of their usual work.

#### *Location*

Actions must take place in the countries of the Eastern Partnership region (as described above) and/or in the EU.

#### *Number of applications per applicants*

The applicant may **not** submit more than one Application Concept Form for this Call for Fellowship applications. The applicants that have already benefited from the Fellowship programme will not be eligible.

### 4.3 Eligible Costs

The proposed budget for a Fellowship action should be realistic and be based on the objectives and activities set out in the Fellowship project proposal.

The provided financial support of the Fellowship programme shall cover:

- specific activities outlined in the application form submitted by the applicant;
- travel and accommodation expenses to/from or/and within the host country;
- communication and visibility costs (including distribution and promotion);
- costs incurred from services of a mentor (s), if required;
- overhead expenses, such as accounting services, office or shared space rent, legal services to open accounts, but these cannot exceed 10% of the total budget of the project and cannot include fees or a salary to the Fellow;
- bank transfer charges;
- consular fees, if relevant;
- insurance (if relevant)

*NOTE: In the case of proposals involving learning mobility, the host organisations based in the EU Member States shall facilitate the visa support. However, the applicants are expected to cover consular fees from the fellowship funds.*

The following types of costs are **ineligible** for the inclusion into the Fellowship budget:

- Fees or any payment to Fellows;
- Fees or any payment to a superior of the Fellow at her/his workplace;
- Costs for purchasing equipment (the rental of equipment may be allowed if justified by the

action).

It should be noted that successful applicants will be solely responsible for meeting any specific tax requirements in their country of residence.

The rates and charges included into the proposed budget have to be based on objective data that could be verified. It is an applicant's responsibility to ensure the accuracy of budget calculations and estimation of costs.

The proposed budget should normally not exceed 5,000 EUR, however, in exceptional cases a higher budget can be approved by the Selection Committee, if justified in the application. The Selection Committee reserves its right to award a lower amount for the Fellowship, following the final revision of the proposed budget.

## 5. How to Apply for a Fellowship

Any individual meeting the applicant eligibility requirements above may make an application to be awarded a Fellowship. The application process is comprised of two stages, with an 'incubation' period between Stage 1 and Stage 2. An evaluation is made of all Stage 1 applicants and those who successfully pass this evaluation are invited to join the 'incubation' period and to make a Full Application under Stage 2. At both stages the applicant should carefully follow the instructions as described below.

### Stage 1: The Concept of your Fellowship

The first stage of the application to the Fellowship is to submit a Concept Form, demonstrating the applicant's eligibility, experience and competence, and proposed concept for the Fellowship. The Application Concept Form, which can be found digitally at <https://eapcivilsociety.eu/fellowship2025-2>, has three sections:

- i. Tell Us Who You Are
- ii. What's Your Experience & Motivation (which includes uploading your CV)
- iii. What's the Purpose of Your Fellowship

Before preparing an Application Concept Form for submission, all potential applicants should follow these steps:

- Carefully read the Guidelines and make a list of questions for seeking clarifications if some information is unclear;
- Check eligibility criteria;
- Obtain appropriate proof of eligibility: an applicant to the Community Engagement Fellowships should provide a letter of recommendation from a relevant CSO/Trade Union/Cooperative/Professional Association/community organisation; applicants to the Civic Digital Fellowships should provide a recommendation letter from a recognised civic tech or IT professional (such as an employer, academic, tutor, colleague on a tech-related project);
- Obtain the necessary proof document(s) to demonstrate your level of English. These may include one or more of the following: certification from an internationally recognized English language testing organisation (e.g., IELTS, TOEFL, Pearson, Trinity College); proof that you have studied at degree level using English as the language of tuition; personal recommendation letter, with reference contact details, from an employer, university, or international organisation.

- Ensure your CV is up-to-date and in a format for uploading (pdf or Word file) - applicants who need guidance for drafting a CV may go to <https://europa.eu/europass/en/create-europass-cv>
- Participate in the live webinar 'How to prepare a successful fellowship application' or view a recorded version of the webinar;
- If interested in collaborating with CSOs in EU Member States, review the list of CSOs who have an interest to host Fellows: <https://eapcivilsociety.eu/download/16699/>;
- Clarify questions by submitting them to the following email address: [fellowships@eapcivilsociety.eu](mailto:fellowships@eapcivilsociety.eu)

After completing all the above steps, the applicant can prepare a Fellowship Concept Form and **submit online at any time** after the Call for applications is announced and before the final closing deadline. **For this 2nd Call for the 2025 cohort, the closing deadline is 31st May 2025.**

Submit the Concept Note via the online form at <https://eapcivilsociety.eu/fellowship2025-2>. For applicants who face cybersecurity risks making an online submission, please request an alternative submission mechanism by emailing us at [eapcivilsociety@protonmail.com](mailto:eapcivilsociety@protonmail.com).

Submitted Concept Forms are assessed on a rolling basis, so the sooner applicants make a submission the quicker they will find out if they can move on to the Full Application stage and, if successful, the sooner they will be able to begin their Fellowship!

Application Concept Forms which are positively assessed and obtain at least the minimum evaluation score (explained below in the Evaluation & Selection section), are then moved to the 'incubation' period. Successful applicants will be informed of this and will be provided with an online link to open a Full Application.

## Stage 2: The Full Application

Applicants invited to make a Full Application will receive an online link (or as an email attachment) for the Full Application form. This form must be completed in line with the guidelines below. Applicants are encouraged to carefully research and consider their Full Applications and may seek specific assistance from the project team in order to develop their Fellowship Concept into a project. This process of developing the Full Application is referred to as the 'incubation period'.

### Incubation Period

During the incubation period an applicant will need to develop the details of their proposed Fellowship project and a corresponding budget. This should be done in line with the following guidelines.

### Full Application Guidelines

The Full Application Form has three sections which must be completed:

- i. Confirmation (of validity of Fellowship Concept)
- ii. The Fellowship Project & Budget
- iii. Proof and Other Supporting Documents

The Full Application must be completed in English and applicants must use the template provided and make attachments/uploads of supporting documents as requested. The template requires the following details under the section 'The Fellowship Project & Budget'.

- The **title** of your Fellowship Project
- Information about **where** the action will take place.
- Fellowship Project **Objective** – please provide a concise objective, based on the proposed Outcome statement in your Concept Note
- **Activities** to achieve the Objective, with a list of the concrete **outputs** from the activities (e.g., Number of publications, people trained) and, if relevant, brief explanation of how the outputs will be sustained.
- A description of **who will be involved** in the project (including the role of the Fellow and details of any organisation in EU or EaP region who will be required to host the Fellow and/or activities). The Full Application template requires information about three categories of stakeholders: Organisations/people assisting the Fellow to implement the project; Participants of the project's activities, and/or other beneficiaries of the project; Other stakeholders important for the success of the Fellowship and related project.
- Details of any **specific capacity** weaknesses that the Fellow, and/or partners, may have and for which the Fellow will need assistance to address in order to successfully implement the action.
- **When and for how long** the activities will take place, indicating the month (M) and duration for each activity.
- A dedicated **draft communication plan** to demonstrate activities to promote the Fellowship project, such as the production of visibility materials, campaigns / publications in social media or key events for communicating about the project. If awarded a fellowship, this draft communication plan should be finalised and re-submitted within 10 days after the Fellowship agreement is signed.
- The **budget** for the Fellowship Action, providing an overall total cost and a breakdown of the costs following the budget template. If you are planning public offline events within your fellowship project include the design and production of a project banner and handouts.
- A description of any **risks** that may impact on the implementation of the Fellowship and how the risks might be mitigated, and comments about any similar existing projects and how the proposed project might differ or contribute to the existing one.

In addition to the Fellowship Action, applicants must also complete the section on 'Proof and Other Supporting Documents', which requires the attachment/upload of documents:

- Proof of citizenship (obligatory)
- Updated CV (if significant additions have been made since the Concept Note stage)
- Recommendation letter (obligatory)
- Proof of level of English (obligatory)
- Budget (obligatory)
- Plan of Activities / Gantt Chart for your Fellowship project using the available template (obligatory)
- Reference letter of partner organisation, mentor, or coach (optional)

Questions may be sent by e-mail no later than 5 days before the deadline for the submission of applications to [fellowships@eapcivilsociety.eu](mailto:fellowships@eapcivilsociety.eu). All received questions and answers as well as other important notices to applicants during the course of the procedure will be published at <https://eapcivilsociety.eu>. It is therefore advisable to consult the abovementioned website before asking new questions in order to be informed of the questions and answers already published.

## 6. Evaluation & Selection

An independent Selection Committee will oversee the evaluation of every application at every stage. The Committee ensures that assessors comply with the eligibility criteria and evaluate applications in line with the scoring mechanisms explained below. Once the Selection Committee has completed its work the list of applicants to be awarded Fellowships is approved by the European Union representatives.

**At Stage 1 (Fellowship Concept)**, applications are assessed and evaluated as follows:

- Applicant eligibility check (criteria listed in 4.1 above)

If any of the requested information is missing or is incorrect, the application may be rejected on that **sole** basis and the application will not be evaluated further. The Concept Notes that pass the first administrative and eligibility check will then, in conjunction with the applicant's CV, be evaluated against the following criteria. Only applicants scoring a minimum of 12 will be assessed as eligible. Each criterion will be assessed using the scoring values:

- 0 - no experience/not valid response/zero level
- 1 - basic experience or level/somewhat valid response/a little motivation
- 2 - some experience/valid response/good level/good motivation
- 3 - extensive experience/highly valid response/high level/highly motivated

| Experience & Motivation of Applicant  | Score      |
|---|------------|
| Experience contributing to civil society, or relevant technical experience for Civic Digital Fellowships, and demonstrated leadership |            |
| Motivation to be a Fellow   |            |
| Purpose of the Proposed Fellowship  |            |
| Area of Fellowship is relevant to applicant's experience  |            |
| Outcome is clear, achievable, and Fellowship justified  |            |
| Beneficiaries are relevant for the Fellowship   |            |
| The Fellowship responds to the focal theme of 'Countering Misinformation'(No-0, partly-1, fully-3)                                    |            |
| <i>Total Score</i>  | <i>/18</i> |

**At Stage 2 (Full Application)**, applications are assessed and evaluated as follows:

- Is the Fellowship Concept valid and confirmed?
- Have all the relevant supporting documents been provided and are they compliant with the Guidelines?
- The Community Engagement Fellowship and Civic Digital Fellowship Projects and Budgets are evaluated using the two evaluation grids below:

### Community Engagement Evaluation Grid

| LEADERSHIP & CAPACITY  | Score      |
|--|------------|
| Professional competencies, including management capacity, to implement the Fellowship project (poor- 0, fair - 1, satisfactory- 2, very good- 3)   |            |
| Extent to which the proposed fellowship project demonstrates that the Fellow has a good understanding of relevant stakeholders and includes details on how she/he will cooperate with and reach out to relevant organisations (poor- 0, fair 1, satisfactory- 2, very good- 3) |            |
| PROJECT PROPOSAL   |            |
| Extent to which the proposed activities will contribute to the expected Outcome (poor- 0, fair - 1, satisfactory- 2, very good- 3)   |            |
| Project proposal has clear and achievable outputs, which, where relevant, can be sustained (0-poor, 1- fair, 2 - satisfactory, 3 - very good)  |            |
| Project is possible to implement within the timeframe and the budget as defined in the application (No-0. Yes-1)   |            |
| Project proposal has clear and feasible promotional aspects (No-0. Yes-1)  |            |
| Risks, and any synergies with existing projects, have been considered and mitigated (poor- 0, fair - 1, satisfactory- 2, very good- 3)   |            |
| Project is likely to have a tangible impact on the applicant's leadership skills (No-0. Yes-1)   |            |
| BUDGET   |            |
| All activities are properly budgeted (No-0, partly-1, fully-2)   |            |
| Budget is well-structured, realistic and balanced between activities (No-0, partly-1, fully-2)   |            |
| <b>TOTAL</b>   | <b>/22</b> |

### Civic Digital Evaluation Grid

| LEADERSHIP & CAPACITY  | Score      |
|--|------------|
| Professional competencies, including management capacity, to implement the project (poor - 0, fair - 1, satisfactory - 2, very good - 3)   |            |
| Extent to which the proposed fellowship project demonstrates that the Fellow has a good understanding of relevant stakeholders and includes details on how she/he will cooperate with and reach out to relevant organisations (poor- 0, fair 1, satisfactory- 2, very good- 3) |            |
| PROJECT PROPOSAL   |            |
| Extent to which the proposed activities will contribute to the expected 'problem – actors/users – solution – impact' chain (poor- 0, fair - 1, satisfactory- 2, very good- 3)  |            |
| Project proposal has clear and achievable outputs, which, where relevant, can be sustained (0-poor, 1- fair, 2 - satisfactory, 3 - very good)  |            |
| Project is possible to implement within the timeframe and the budget as defined in the application (No-0. Yes-1)   |            |
| Project proposal has clear and feasible promotional aspects (No-0. Yes-1)  |            |
| Risks, and any synergies with existing projects, have been considered and mitigated (poor- 0, fair - 1, satisfactory- 2, very good- 3)   |            |
| Project is likely to have a tangible impact on the applicant's leadership skills (No-0. Yes-1).  |            |
| BUDGET   |            |
| All activities are properly budgeted (No-0, partly-1, fully-2)   |            |
| Budget is well-structured, realistic and balanced between activities (No-0, partly-1, fully-2)   |            |
| <b>TOTAL</b>   | <b>/22</b> |

Applications scoring a total of 16 points or more will be recommended by the Selection Committee to be awarded, pending any outstanding compliance checks (e.g., of language skills, recommendation letters). The compliance checks may require the applicant to be interviewed by the Selection Committee.

As a regional programme, the Selection Committee will endeavour to ensure that the shortlist of applicants to be recommended for awards has appropriate representation from all the countries.

## 7. Fellowship Awards

For this 2nd Call for the 2025 cohort there is a total quota of 25 Fellowships to be awarded.

The quotas are for the total of all Fellowships, with no specific quotas between the two different types of Fellowship (Community Engagement and Civic Digital).

Awarded Fellows will be able to begin the implementation of their Fellowship Action within 30 days of signing their Fellowship contract.

## 8. Indicative Timeframe

- 2<sup>nd</sup> Call for 2025 Fellowships opens on 28.04.25.
- Information webinar on how to make a Fellowship application will be made 'live' on 6<sup>th</sup> May 2025. Please [register here](#) for the webinar before 06.05.25; thereafter it will be available to view as a recording at <https://eapcivilsociety.eu>.
- Closing date for receipt of Fellowship Concept Notes is 31.05.25.
- Closing date for receipt of Full Applications for the 2nd 2025 Fellowships is 15.07.25.
- Awards of the Fellowships from the 2025 2nd Call are expected in August 2025, with implementation running from September 2025 to February 2026.

## 9. Implementation of the Fellowship

Once an applicant has been awarded a Fellowship, she/he becomes a Fellow. The responsibilities of being a Fellow include a number of key aspects and procedures which are described below. These also include use by Fellows of specific templates for reporting and frameworks for monitoring their fellowship projects. Details on use of these templates and frameworks will be provided during the contracting phase.

### 9.1 Contracting

A successful applicant will receive by email a letter of award. The letter of award will indicate that the fellowship is to be awarded to her/him subject to acceptance of the following conditions:

- i. Accept all conditions of the Fellowship agreement.
- ii. Use the Fellowship funds only as specified in the action proposal.
- iii. Maintain records of the usage of the Fellowship funds.
- iv. Implement the proposed action in line with the proposed timing.
- v. Provide the requested reports at the specified time and response to any requests for information about the Fellowship by the Project team.
- vi. Provide written acknowledgment of receipt of payments of the Fellowship funds.
- vii. Repay any portion of the funds not used for the specified purposes.
- viii. Refrain from use of the funds for any purpose prohibited by law.

- ix. Where relevant, and especially for the Civic Digital Fellowships, ensure compliance with any data protection and privacy regulations, and ensure users' personal data is protected.
- x. Cooperate with any efforts of the Eastern Partnership Civil Society Facility – Regional Actions Project to publicize the Fellowship award including signature of the consent letter, and adherence to the EU's guidance on visibility.
- xi. Participate in the networking events organised by Eastern Partnership Civil Society Facility – Regional Actions Project.

The acceptance of conditions should be indicated in response e-mail within 2 working days after receipt of the notification. At the contracting phase, the Selection Committee decides whether to accept the proposed amounts or rates on the basis of the provisional budget submitted by the applicants, by analysing factual data of similar actions. The checks may give rise to requests for clarification and may lead the Selection Committee to impose modifications or reductions to address such mistakes or inaccuracies. It is not possible to increase the amount of the Fellowship as a result of these corrections.

Applicants should note that, if successful, they will be contracted as an individual. Fellowship contracts cannot be signed with a legal entity.

The contracting authority for the Fellowships is the leader of the consortium implementing the EU-funded Eastern Partnership Civil Society Facility: GDSI Ltd, Block 15, Galway Technology Park, Parkmore, Galway, H91 AY0Y, Ireland.

## 9.2 Reporting

The Eastern Partnership Civil Society Facility project team will guide and monitor the implementation of each Fellowship project. Timely submission of concise status reports (a template will be provided) is required, including monitoring data to show progress towards, or achievement of the Fellowship outputs. It is the responsibility of the Fellows to ensure that the project team is provided with photos, videos, publications, media articles, and any other items that can be used to promote the Fellowship and to evaluate its success.

After completion of the action each Fellow must submit a final report to demonstrate the results of proposed actions.

In line with the contractual agreement, Fellows are required to provide reports and evidence of expenditure at the mid-point in their implementation and at the end of implementation.

## 9.3 Visibility

The Fellows must take all necessary steps to publicise the fact that the European Union has financed the action. As far as possible, actions that are wholly funded by the European Union must incorporate information and communication activities designed to raise awareness of specific or general audiences of the reasons for the action and the EU support for the action in the country or region concerned, as well as the results and the impact of this support. Applicants must comply with the objectives and guarantee the visibility of the EU financing as specified in the Communication and Visibility Requirements for EU External Actions ([https://international-partnerships.ec.europa.eu/knowledge-hub/communicating-and-raising-eu-visibility-guidance-external-actions\\_en](https://international-partnerships.ec.europa.eu/knowledge-hub/communicating-and-raising-eu-visibility-guidance-external-actions_en)), as well as in any relevant country-specific communication and visibility guidelines (if applicable).

Fellows will be provided with training on how to promote their Fellowships and how to comply with the EU's visibility requirements, and furthermore, will be required to acquire prior approval from the EaP CSF project team for use of any visibility materials. All Fellows will be required to update and finalize their communication plan within 10 days of signing their Fellowship Agreement.

#### 9.4 Networking & the Fellowship Alumni

The alumni network was created with the first intake of Fellows.

The selected 2025 Fellows shall join the Alumni network of the Civil Society Fellowship Programme. It will give the 2025 Fellows an opportunity to:

- participate in regular networking meetings aimed at building communication channels between fellows from the six countries, exchanges of experiences, ideas and exploring new opportunities together.
- participate in capacity building events, organised within the project and Alumni network.
- promote his/her profile on the project website and information exchange on civil society activities within the EaP countries.
- share relevant information on new platforms for communication.
- be involved in the project mentoring facility (as a mentee and as a mentor).

The alumni are encouraged to participate in the activities of the project (for example, via contribution to publications, debates to which alumni are invited as speakers, elaboration of small common projects, info sessions and hackathons). The project team will facilitate activism and networking by maintaining the online alumni community.

#### 10. Complaints

At any time during the process of applying for or implementing a Fellowship, applicants or Fellows may raise an issue of complaint. In the first instance, complaints should be made in writing and submitted by email to the relevant member of the EaP Civil Society Facility project team at [fellowships@eapcivilsociety.eu](mailto:fellowships@eapcivilsociety.eu) with the subject title 'complaint'. A response to such emails will be made within 10 working days. If the complainant is not satisfied with the response, she/he may submit their complaint in letter form to the Selection Committee who will discuss the matter with the representatives of the European Union and respond accordingly.
