

#eapdigital

EaP | Eastern Partnership

EU DEVELOPS DIGITAL ECONOMIES AND SOCIETIES IN EASTERN PARTNER COUNTRIES

NEW PRIORITIES UP TO 2020

EU4DIGITAL

BETTER DIGITAL ENVIRONMENT

Telecom rules, including common roaming space
Support to innovation and start-ups
Information technology research
Digital skills

PROVIDING KEY ELEMENTS FOR E-SERVICES

Digital Trust Services
High-speed broadband
Cyber security

DEVELOPING E-SERVICES FOR CITIZENS AND BUSINESSES

e-Trade, e-Customs, e-Commerce,
e-Logistics
e-democracy applications for governments
e-Health

IN FOCUS

1. Reducing roaming tariffs

among Armenia, Azerbaijan, Belarus, Georgia, Republic of Moldova and Ukraine

2. High-speed broadband development

that will boost economies and help develop e-services for businesses and citizens

3. More jobs

in new digital industries

EXAMPLES FROM THE COUNTRIES

BELARUS

Introducing automated video-control systems at the Novaya Huta – Novi Yarylovychi border crossing

REPUBLIC OF MOLDOVA

Improving broadband connections and developing electronic border management systems

UKRAINE

Providing new integrated online systems for the financial sector and applying e-governance solutions for local authorities

GEORGIA

Sharing e-democracy and information security expertise to support e-governance as well as developing e-services for citizens

AZERBAIJAN

Developing e-services for the government with a focus on e-Commerce

ARMENIA

Development of e-Tax return, e-Civil registry, e-Police, e-Notary, e-Penitentiary, e-Citizen and electronic document management systems for the government

ACROSS THE REGION

EAP CONNECT

EU-funded project supporting digital research and education

€ 13 million

Running from 2015 to 2020

- Improving high-speed digital connections between the six partner countries
- Providing local scientists, students and academics with access to global research
- Developing a research and education network in Eastern Europe and the South Caucasus
- Improving access to Wi-Fi for students and researchers
- Benefitting up to two million scientists, academics and students at over 700 institutions
